

Membership Meeting March 17, 2010

Join us for the next Member Meeting on Wednesday, March 17, 2010, from 6 – 9pm at the North York General Hospital. Here is a brief glimpse at what you will be treated to:

Shooting for the Competencies Moon (and Landing Among the Stars): A Live Demo & Assessment of MCC Level Competencies

Have you ever wondered...

- How you would score if you took an ICF certification exam today?
- How your coaching measures up when clients are choosing between you and another coach?
- What one or two high-leverage coaching skills you could polish in order to raise your whole coaching game?

There is a strong connection between the assessment of coaching skills and success in coaching.

- Skillful assessment results in high-leverage feedback
- High-leverage feedback enhances your skills development whatever your level of coaching
- A high level of coaching skill drives practice quality, coaching confidence, and market reputation

Join Mentor Coaches Jean Davies PCC and Darlene Chrissley MCC as they live-demo:

- An MCC coaching session
- A competencies assessment tool, and
- Powerful feedback for enhancing coaching skills

Who should attend:

- Coaches preparing for any level certification exam
- Coaches who wonder how other coaches do it
- Coaches who seek development in any of the core coaching competencies
- Coaches who are motivated by excellence
